

When the Curtain Rises

"Do it nervous."

Roger Minton has spent over 25 years moving between magic and code, leading software teams by day and performing by night. With warmth, humor, and heartfelt storytelling, Roger helps audiences see nerves not as weakness, but as a signpost: that you're finally close to something that matters.

THE TALK

What if fear isn't a problem, but a signal you're close to something that matters? In this engaging keynote, Roger shares his personal journey from his first magic show at age nine to a career split between stages and software teams. Through storytelling and live performance, audiences leave with four takeaways they can use immediately.

THE LAUGH-OUT-LOUD GUARANTEE

I don't do flat rooms. If your audience isn't engaged, laughing, or still talking about it afterward, I want to hear about it, and we'll make it right. No fine print, no runaround. I'd rather fix it than collect a check I didn't earn.
